**Mission of the Promoting Body:**

To contribute to the national development by delivering knowledge, skills and competencies to transform the youth of this country into efficient Pharmacist, finest human beings and contributory citizens.

**Vision of the Promoting Body:**

To develop RGS College of Pharmacy into world class centre of excellence in Pharmacy field. Contribute in the dissemination of the most recent academic and applied knowledge. Provide avenues for intellectual, emotional, physical and social development of the students. Pandit Jawaharlal Nehru in one of his addresses highlighted the basic truth that the educational institutes have a crucial part to play in the life, welfare, and strength of nation. Their principle object is to deepen man's understanding of the universe and himself: in body, mind and spirit, to disseminate this understanding throughout society and to apply it in the service of mankind to form a knowledge society which could lead the world. With these objectives the Kalyani Charitable Trust set up a vision to build the leaders of future, with the concept of harmony and co-existence, passionate to win, raising standards of excellence round the world and creating newer directions to make the mankind explore and innovate in a better way. The Trust looks forward to establish a world class educational institute in the form of a knowledge enterprise to educate and train the people to performers in order to reach the pinnacle of glory.
